

Aug. 24-Defending Life Class

Do you have difficulty sharing your pro-life beliefs?

In this two hour class you will learn how to have successful, non-confrontational conversations about abortion with anyone. Using **straightforward, scientific and moral evidence**, you will be able to:

- *defend the humanity and right to life of unborn children at conception;*
- *address difficult cases such as rape and incest; congenital disease and deformity;*
- *respond to statements like, "I'm personally against abortion, but I'm not going to force my opinions on others."*

You will be able to comfortably respond to pro-choice arguments and be part of changing our culture one person at a time. Other topics include: surrogacy and *in vitro* fertilization (IVF).

Clelie Carpenter, Baton Rouge Right to Life Board member and 40 Days for Life Outreach Coordinator, will present this class. Clelie is a pro-life prayer leader at Bethany Church and a sidewalk counselor at the Delta abortion facility through the *Saving Babies/Loving Mothers* ministry. She and her husband, Charles, coordinate Bethany's two days at 40 Days for Life. They also help lead monthly door to door canvassing to raise awareness about the harmful effects of abortion.

Wed., August 24 • 6:30 p.m. to 8:30 p.m.

**Bethany Church - South Campus -Bethany Experience Room
